

Cashcard ATM Services

Give your customers convenient access to their cash

When your business is customer-focussed, service is very important. Cashcard is Australia's leading ATM services provider, and understands the importance of providing a reliable and convenient ATM solution. By installing a Cashcard ATM, your customers can experience the convenience of being able to access their cash on your premises. Cashcard's commitment to providing full system support ensures you have a reliable value-added service.

One of Cashcard's dedicated Account Managers will work with you, to help your business achieve the most from the ATM. Our Account Managers operate each of their allocated regions as a business, giving them greater understanding of your needs.

Cashcard is an active supporter of Industry Associations nationally and in many States. We participate in industry events and regional meetings that help us understand the needs of specific industries so that we can enhance services to merchants.

“We benefit on an ongoing basis from increases in our transaction fees and also providing our customers with the ability to spend more either on petrol or within our take-away food area.”

Gary Leverington
Co-Proprietor, Bauldy's Service Station (SA)

The right ATM Services

Specific business solutions

Cashcard offers a range of ATM models to suit your needs and provide the flexibility to meet changing requirements.

- Space restricted models
- Self Funded or Cash Serviced
- Dial up, leased line or wireless communication
- ATMs to suit low, medium and high transaction levels
- Range of signage options

We will assist you in selecting the ATM and service options to best suit your business needs.

Signage and advertising opportunities

Cashcard offer a range of signage, advertising and special promotion opportunities, designed to potentially increase both foot traffic to your premises and transaction volumes.

EFTPOS and other payment services

Cashcard is part of the First Data Group, a global leader in electronic commerce solutions. First Data has expertise across many areas including EFTPOS, cheque verification and guarantee services and Point-of-Sale solutions. Our dedicated Account Managers can assist your business with EFTPOS and credit card acceptance services.

“The Cashcard ATM service is excellent. They get you up and running straight away.”

David Hart
Manager, Yass Soldiers Club (NSW)
